City-Chic Summer Style

TRAVEL ON TREND

BY AMY GORDON

Searching for the perfect summer bling? Look no further than the flagship **LAGOS** store in Rittenhouse Square. This season the famed jeweler introduces "Voyage," a versatile and beautiful collection inspired by the world travels of the brand's founder and creative director, Steven Lagos. To create this distinctive line, Lagos, the consummate jet setter, included exotic touches like tribal patterns and Thai engravings. From drop earrings to statement pendants, every piece is crafted entirely from sterling silver. "The Voyage Collection is a striking, bold, all-sterling silver collection meant to provide [women] with silhouettes for the stylish getaway, whether it be the beach, the Caribbean and more," explains Lagos, who calls Philadelphia home. These striking pieces are comfortable enough to wear from day to night, making them the perfect travel accessories. Prices range from \$295 for a floral-motif ring to \$750 for a stunning link bracelet. 1735 Walnut St., 215.567.0770, lagos.com
