

Cirque Éloize presents "Cirkopolis"
at the Merriam Theater

Welcome to Cirkopolis

Through the use of an imaginative stage design, original music and inventive video projection, Cirque Éloize's latest production **Cirkopolis** transports its audience into the heart of an imposing metropolis. Contortionists, jugglers, acrobats and aerial artists rebel against the culture of industrialism and monotony, replacing solitude with bursts of vibrant color and kinetic energy. "Cirkopolis" is at once serious and light-hearted, pushing the boundaries between imagination and reality. March 11-16. Merriam Theater, 250 S. Broad St., 215.893.1999, kimmelcenter.org —A.C.
